General Movie Information

Run time: 65 mins

Genre: Inspirational/Spiritual

Rating: Not Rated

Synopsis: **The Moses Code**

James Twyman reveals for the first time the Code that can be used to create miracles in your life—and in the world! By practicing the principles of the Moses Code, you'll discover how you can integrate the most powerful manifestation tool in the history of the world into your own life. At the very heart of the Moses Code is the true function and practice of the Law of Attraction. Although you may have been told that this Law is all about “getting” the things you want, cracking the Moses Code depends more on what you're willing to “give” rather than “get.” That would mean that you have the power to create miracles right now. Discover how the power of Divinity itself can be used to manifest a world based on the laws of compassion and peace.

Some of the best known spiritual teachers in the world join James in this film. Each of them believe that we live in one of the most important times in history, and that the principles of the Moses Code play a dramatic role in shifting the mass consciousness of humanity, helping us to finally realizing our spiritual destiny.
