- ♥ After the enriching evening spent with Kamy Lavanchy, creating our realities visualization chart, I went home with a renewed faith and lots of positive inspirations. The energy of the group was amazing and I think this workshop was a great success. You should know that you have a wonderful contribution to make by offering these tools to others. Your workshop is fantastic; I've been looking for it since a long time! Thanks Kamy for adding more light and love to our planet. God bless you and your work. Lots of love, Charlotte
- ♥ Just wanted to tell you how much I loved the vision chart workshop we did the other night. You really set the tone with the opening meditation. I was amazed by how quickly our little group came together and shared what each had to give... tons of energy, laughter and joy. You gave to each of us the space, time and words we needed to hear. I had the feeling we all would have stayed a little longer. Paryse
- ♥ My best piece of art to date. Emma
