Chapter 2 SPIRITUAL COMMUNICATION

December 7, 2011 - Wednesday

This circle is focused on the four spiritual gifts that govern our inner and outer communication system. This is your intuition and how your spiritual guidance gives you inspiration on a daily basis.

Chapter 3 SPIRITUAL ENERGY

December 20, 2011 - Tuesday

This community involvement circle presentation helps you to see how spiritual energy flows through our physical body and how to begin healing the concepts we have about ourselves that create "dis-ease" in our physical body.

Chapter 4 RELATIONSHIP WITH THE COSMOS

January 11, 2012 - Wednesday

In this presentation, you will discover that you are living in two worlds at the same time ... the physical world and the spiritual world.

Chapter 5 LAW OF ATTRACTION AND LIFE AFTER DEATH

January 25, 2012 - Wednesday

This circle is all about you...and what you attract in your everyday life. You can create anything you want as long as you focus on what is truly in your best interest to achieve. You will discover what keeps you from accomplishing your true life purpose and how to tune into the inspiration that is available to everyone along with a feeling of being one with yourself and your environment.

Chapter 6 LIFE BALANCE

February 8, 2012 - Wednesday

This presentation will help participants begin to have a total balance in life. Solutions will be shown so that you can make clear decisions based on your inner sensitivity rather than the outer programming you may have inherited in your first seven years.

Chapter 7 SCIENCE, RELIGION AND CULTURE

February 23, 2012 - Thursday

You will realise that everything is a means to accomplish your true life purpose. In reality your own personal philosophy inside of you is your own religion. It is up to you what to put into it. It is setting your policies and standards of how to live your life.

Chapter 8 LIFE CYCLES

March 7, 2012 - **Wednesday**

From the first seven years of your life to the present, you are experiencing different cycles and you will discover what you came here to master in each one. By understanding yourself and why you do certain things you can heal some of the confusions that you experienced growing up.

2012

March 22, 2012 - **Wednesday**

Much has been said about it. End of the three major cycles = end of the world? End of the world for the power of darkness or end of darkness for the world?

Community Involvement Circles are eight 3-hour sessions, which are designed to go through all aspects of your life and help you be the type of person **you have always wanted to be**.

We will be talking about eight Universal laws and experiencing 24 exciting practical exercises. You will be introduced to communication techniques that are designed to help you stay in tune with your spiritual guidance . your guardian angels . throughout the day. This will help you unfold your **intuition**, come up with **solutions** for challenges in your life, **heal** yourself of concepts that may be holding you back, **organise** yourself to be more complete in your personal, business and social life and most importantly, to ~~stay~~ stay on track+with your life purpose.

One of the other goals of Community Circles is to help people shift from the intellectual analysis into their real feelings and find a practical application to this new awareness. As we progress from one session onto another, we will get clearer understanding that our true feelings guide us and give us the answers that we need in every situation of our lives, and that the answers do not reside in the intellectual part of ourselves.

The Community Involvement Circles programme is also designed to help you realise that if you focus your energy at what you want to accomplish and put 100% of yourself into it . life becomes effortless . and you will have realised that accomplishing the impossible takes no effort.

Would you like to feel fresh and have plenty of energy every day? Would you like to spend less time sleep to recover your energy? Would you like to understand how these mechanisms work? We will discuss **practical solutions** for these questions and more during eight sessions.

You can come any time and participate in any circle of your interest and convenience. All sessions are **free of charge** (except for cost of rent of space that we share equally - approximately 10 francs per person). You can invite as many friends as you would like. You are just as much a participant as everyone else. It is tremendous fun . that is what it's all about: not only to grow spiritually, but to enjoy life at the same time. Everyone takes spiritual growth too seriously. It's supposed to be relaxed and enjoyable - and practical!

Each session will start at 6:30 pm in a big room at Life Motivations and will last 3 hours.

In conclusion, I would like to remind you that the future of our planet and the whole Galaxy greatly depends on the level of our individual and collective consciousness!

Are you ready to contribute?

I look forward to hearing from you with your interest, questions and proposals. **Alexander**
